About Me:

With over 30 years of experience in the computer industry, I bring a wealth of knowledge in both software and hardware, with a specialized focus on Linux and Unix Systems Administration. My expertise includes managing, troubleshooting, and optimizing complex systems, ensuring efficient performance and reliability. As a dedicated and hardworking professional, I am committed to delivering high-quality solutions while continually improving my skills. I thrive in dynamic environments, consistently demonstrating strong problem-solving abilities and a passion for technical excellence.

WORK EXPERIENCE:

Warehouse Technician

Manteca, CA

2021 - 2023

Responsibilities:

- Oversee and maintain an organized and clean Warehouse area, and personal workstation at a cubicle
- Used Microsoft Office, Salesforce, and Odoo
- Helped to create training materials using spreadsheet software, as well as implementing said procedures and training to other warehouse staff
- Created shipping manifests, bills of lading, and scheduled pickups, and deliveries for a variety of solar supplies from a plethora of vendors

Meat and Seafood Clerk

Lathrop, CA

2017 - 2021

Responsibilities:

- Stocked the meat counter with fresh seafood daily, and made sure to maintain the cleanliness standards required
- Placed orders, and responded to inquiries via email about changes, or corrections in said orders
- Assisted customers with anything they may need
- Created eye catching displays using signs provided by the company to promote our various seafood and meat offerings
